

Log Analysis Report

THE BEST LOG ANALYSIS PRODUCTS ACCORDING TO USERS

SUMMER 2021

SUMMARY

LogDNA continues to shine as a leader for Log Analysis in the G2 Crowd Summer 2021 Report. Dive into this eBook to see how LogDNA compares to industry leaders and why teams with a DevOps mindset choose us quarter after quarter.

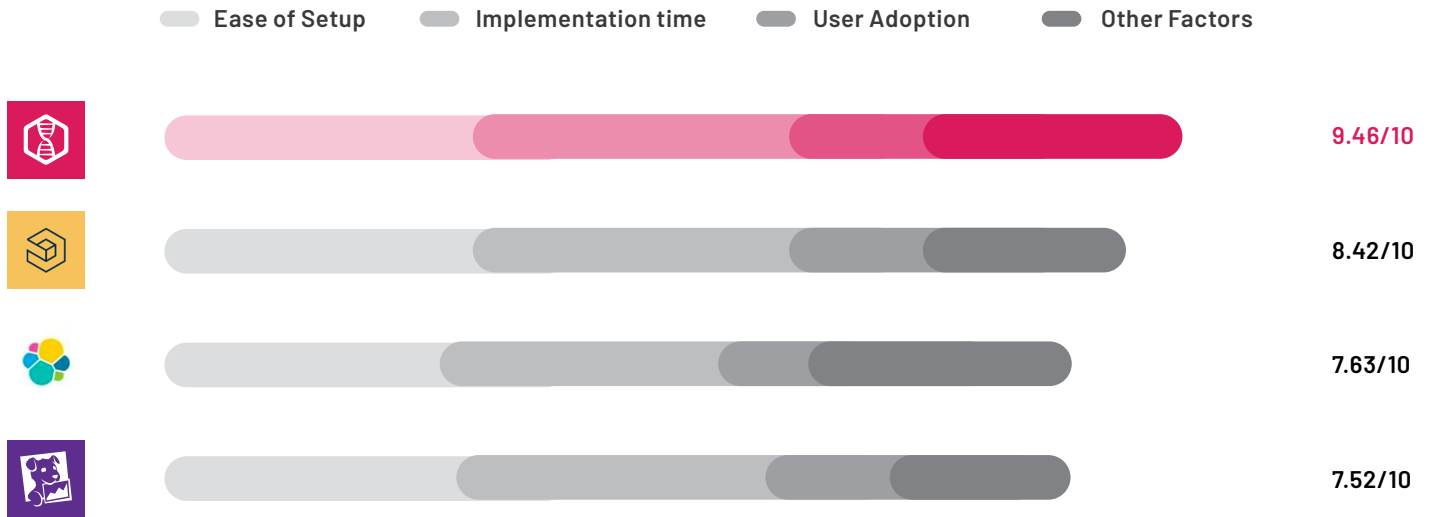

G2 is the world's largest tech marketplace where businesses can discover, review, and manage the technology they need to reach their potential. With G2, LogDNA users review the product and share their personal experiences. They are asked a series of questions that are standardized for all companies in the Log Analysis category to get a holistic sense of how easy each product is to implement and use. Seasonal reports are released based on these user reviews and, this season, LogDNA received awards across the board.

LOG ANALYSIS IMPLEMENTATION

G2 Crowd's Log Analysis Implementation Index measures how easy a product is to set up, how long it takes, and how successful it is to implement across teams. In the Summer 2021 report, LogDNA outperformed the leading competitors for the eleventh quarter in a row.

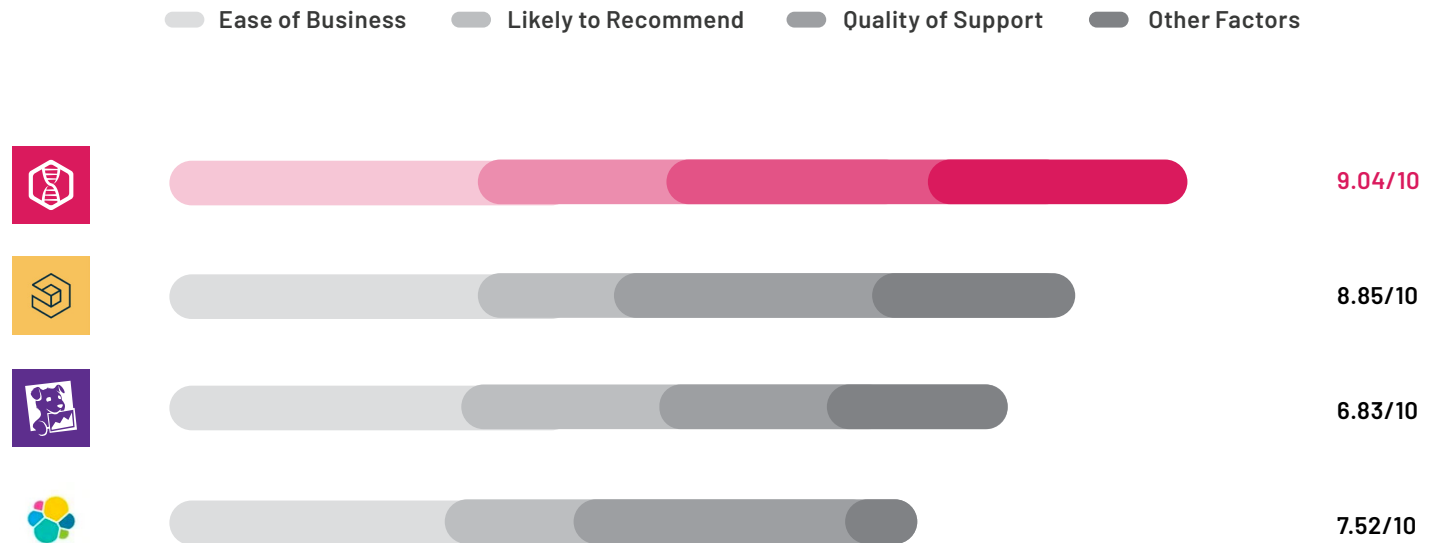

LOG ANALYSIS RELATIONSHIP INDEX

Relationship scores for log analysis are shown below. The chart highlights some of the factors which contribute to a product's overall relationship score. Ease of doing business with, quality of support, and likelihood to recommend data is shown in the table below.

LOG ANALYSIS RELATIONSHIP INDEX

LOG ANALYSIS RESULTS INDEX
